Competition is the Soul of Trade.

THE TIME FOR DEALERS TO lay in their Fall and Winter stock of Clothing is close at hand, and the aim of every one being to buy in the best and cheapest market, the undersigned deem it a duty due to the trading community and to themselves to draw attention to their
PIONEER CLOTHING ESTABLISHMENT,
(WHOLESALE ONLY),
Northwest corner of Main and Fifth streets.
They have profited by the dull times of the past months in making up and laying in a stock of Clothing suitable for the approaching season, such as cannot be competed with by any other house in their line.
The stock consists of every variety of Garments, from the Shanghai of the man of fashion to the rough Blanket Coat of the digger of the soil, with full suits to match.
All they ask is an investigation of their goods. They are determined to convince the most skeptical that their stock is the stock of the season. A general invitation is hereby tendered to the trade to call and examine.

A Wife's Story.

IN SEVEN CHAPTERS. CHAPTER I.

We stood on the deck together,—I and my husband—I, shrouded in warm wrappings, with folded arms, leaning against him. How strong he was! How firm he stood! How delightful it was to me to lean there so!
It was late, and a wild night; a strong wind blowing, and our ship bounding on over high-swelling waves. It should have been moonlight—the moon was at the full—but only now and then a wind-rent in the clouds led her pale light through.
We did not talk, the wild wind would have blown our words away, and my heart and soul were very full. Leaning there I thought I had found life-long peace, a refuge from all trouble and distress. What a beautiful future I pictured!
We were both young: I some five years the younger: a mere girl in age and in appearance, yet all too old at heart. Measuring life by the bitterness of gained experience, by its pain, and not by the number of its days and years, I was no longer young. My life had long been a struggle; a series of conflicts in which I always came off heart-wounded, sometimes hand-disabled, never subdued. I had been ever at war with circumstance. There was a strange and secret strength somewhere within me, that would not be crushed out; that would not let me yield. But though too strong to submit myself a willing slave to any imposed yoke, my nature was not strong en

THURSDAY, - - OCTOBER 25, 1855.

☞ The Southern anti-American organs have labored painfully to conceal the Abolitionism of the Northern Democracy. Day after day they sell their souls to the great Father of Lies in their efforts to deceive the people of the South as to the position of the Northern Democrats on the slavery question. They dare not admit the facts as they really exist, but in the face of the record itself, with trembling knees and chattering teeth, conscious of detected guilt, they continue to deny the truth. The Frankfort Yeoman is but a type of the class. It says:

"Both of the divisions of the New York Democracy, in fact, also indorsed it (the Nebraska bill)—the Hards by a direct resolution, and the Softs by an indorsement of Pierce's administration. In Pennsylvania they also indorsed the principles of popular sovereignty and the Administration, which, of course, indicates an approval of the passage of the Nebraska bill."

Miserable expedient of a hopeless faction. Such base, barefaced, impudent falsehoods manifest either an assinine stupidity in the writers, or an insolent intention to insult the readers. We published yesterday an abstract of the proceedings on the Pennsylvania Democratic Convention, showing that it not only failed to approve the Nebraska bill, but disdainfully rejected, by a large majority, every resolution recognizing the principle of that bill.—*Louisville Journal.*

Whilst the Louisville Journal thus misrepresents the Democracy of Pennsylvania, the New York Evening Post thus speaks of the canvass in that State:

It will be seen by the returns which we give below from Pennsylvania, and which embrace all that is reported up to to-day, that the victory of the Administration and Nebraskaism has turned out like that of Phyrrus—the next thing to a defeat.

The vote was local almost entirely, as there was but one State officer, the Canal Commissioner, to be elected; and there were some other circumstances about the election which should be understood to make this table intelligible.

Until within a very few days before the election there were several anti-Nebraska candidates for the Canal Commissionership in nomination, representing the Republican, Whig, and Native American organizations.

At the last moment, only a few days before the election, Passmore Williamson and Cleaver's name were withdrawn, and Nicholson substituted, as the candidate of the Republican interest. This fusion was effected too late to be carried out in many of the counties, and the consequence was, that the anti-Nebraska vote is distributed over three candidates, while the Nebraska vote was united upon Plumer.

Here is a fact stated. There were three anti-Nebraska candidates; the three parties met and agreed to unite upon one man. The bond of union alone was Freesoilism, for these parties had not in other respects a common platform.

The ignorance of the editor of the Louisville Journal as to the position of the Democracy of Pennsylvania is disgraceful to an editor. The Democratic Convention of Pennsylvania not only indorsed the principle of popular sovereignty in the Territories, but in their address they argue the question at length and with great ability. There was not a press or speaker in the State, on either side, who did not recognize the issue—the Democracy for the Nebraska bill, the other three united factions against it.

Will the editor of the Journal inform his readers what the issue in the free States has been in the late elections? The political papers and speakers have said but little about anything but slavery in the Territories. Who has been defending the Kansas-Nebraska bill? What party has met the issue? Have the Abolitionists done it? Have the Know-Nothings done it? Will the editor of the Louisville Journal name one Know-Nothing paper or speaker in a free State that has defended the Kansas-Nebraska bill, or that has not denounced the bill and its authors?

The editor goes on to scribble about the New York Democracy. He knows as well as we do that the parties in that State are all split into factions. The old Democratic organization, the Hards, have indorsed the Nebraska bill with emphasis and unanimity in their State Convention. A portion of the Soft party have gone over to the Republican party, where they belong; but even this portion of the party is as sound in the main as the best of the Know-Nothing party in that State; as sound on the subject as the Southern Know-Nothings. The Philadelphia Convention repudiated all responsibility for the passage of the Nebraska bill, but thought it expedient to stand by it; John Van Buren, the leader of the Soft party, says the Nebraska bill was a bad job, but the best we can do is to stand by it.

We now ask of the editor of the Journal if he is in favor of the Kansas-Nebraska bill? Was it right and expedient, or was it right and inexpedient? What sort of support does he intend to give this great measure? The Journal was, during the whole controversy upon the passage of the bill, violently anti-Nebraska. What right has the editor to scribble about the measure as a test of soundness on the slavery question? A Southern opponent of the measure accuses Northern Democrats of opposition to it, and bases a charge of Abolitionism on the grounds of this alleged opposition!

The Democrats North and South have made this Kansas-Nebraska bill, and the principle on which it is based, a distinct issue; it is *the* issue now before the country. It will control the next Presidential election; in fact, it has been the controlling issue this year in the free States, and it was the controlling one last year. All factions united in that region against the Democratic party, and filled Congress with Abolitionists. The editor of the Louisville Journal gave them aid and comfort all the while, abusing the Nebraska bill and its authors.

☞ Take notice, ye Know-Nothing Fusion editors of the free States! The editor of the Louisville Jonrnal says that you, Know-Nothings particularly, are the national party. By this, it is meant that you are the advocates of the Nebraska swindle, the fugitive slave law, etc. He depends upon you to stand by the South, and says you are the men to do it. He says, further, that the Democratic party are the "friends of freedom," the anti-Nebraska men, and anti-slavery men generally.

Yon of the Madison Banner, and Courier, and Indianapolis Journal, and New Albany Tribune, etc., and your parties generally, are the doughfaces—you are the fellows that go for signatter sovereignty and the Nebraska swindle; whilst the Democracy are opposing you in your wickedness. You read all this and say nothing about it. Now we should like to know if you have been playing this rascally game; if you have been denonncing the Nebraska swindle, calling the Democrats doughfaces, and making fusions with anti-slavery men to beat Democrats, whilst you have a secret understandtng with the editor of the Journal to support, yonrselves, jnst what you have been denouncing. We should like to know of you, ye ecstatic Americans, if, after all, you really mean to do as the editor of the Journal says; if you have been warring npon the Democracy, calling them doughfaces, and snch like hard names, jnst for a blind.

If yon are national, as the editor of the Louisville Journal uses the term, what have you been denouncing the Nebraska bill for? If you are not, why are you silent under snch slanders? And why are you denouncing Democrats, if they are the "friends of freedom," as you use the term.

And yon, Freesoilers and Abolitionists, if the Democrats are the friends of freedom, why don't you unite with them? How happens it that yon unite everywhere with the Know-Nothings, whom the editor of the Louisville Journal calls national men, against Democrats, who are anti-Nebraska and anti-slavery men?

We should like to know who is at the bottom of this stupendous mendacity and frand. There is a most ungodly lie out somewhere. If the editor of the Louisville Journal is telling the truth, there is a monstrous frand meditated. There must be some scheme on foot to cheat the North partionlarly, and perhaps the South; otherwise the editor of the Journal must be grossly ignorant, or worse. If the former, the Know-Nothings North ongat to inform him; if the latter, they ought to denounce him.

In order to illustrate the extent of this blundering, or this rascality, all aronnd, we republish the following:

TO THE PEOPLE OF PENNSYLVANIA.

The Whig party, the Republican party, and the American party, having each nominated a candidate for Canal Commissioner, it became apparent that such a division of the elements of opposition to the National Administration and its Nebraska fraud, would inevitably lead to the triumphant election of Arnold Plumer, the pro-slavery Nebraska candidate. In view of these facts, a meeting of our respective Central Committees of said parties was held at Harrisburg, on Tuesday, the 27th of September, 1855, and their nominees having declined and been withdrawn, Thomas Nicholson, of Beaver county, was nominated as the candidate of the said parties, for the purpose of concentrating the votes of the anti-Nebraska party on one man, and he is hereby earnestly recommended to all the lovers of freedom in Pennsylvania as a capable, honest, and true-hearted man, who is worthy of the support and confidence of the people.

By order of the Committee.

JOHN A. FISHER,
Chairman of Whig State Committee;
LEMUEL TODD,
Chairman of American State Committee;
DAVID WILMOT,
Chairman of Republican State Committee.

This appeared in all the anti-Democratic papers in Pennsylvania jnst previons to the election. But now the editor of the Louisville Jonrnal says the Democrats did not approve the Nebraska bill; that they rejected it in their State Convention—repudiated it; whilst the "American" party are sound and reliable on that question. How happens it, Mr. Lemnel Todd, that yon pnt ont snch a card? And how happens it, Messrs. Fisher and Wilmot, that you united with the friends of the Nebraska bill, against its opponents, who had openly rejected it?

If the editor of the Journal tells the truth, you are a set of rascals, all of you; and if you are correct, you can tell what the editor of the Journal is. That is not the worst of it. The mass of the Know-Nothings, Whigs, Americans, and Republicans are a pack of dupes or knaves, for they all, with few exceptions, voted as this card directed, for Nicholson.

We ask no information from Democrats, for they resolved in favor of popnlar sovereignty in the Territories; their Central Committee in Pennsylvania made an argument in their address in favor of the Nebraska bill. Their editors and speakers, all over the free States, defended the Kansas-Nebraska bill, and flatly deny the statements of the Jonrnal. Bnt we do demand of the Know-Nothings of the free States an explanation of their conduct. They are the allies of the editor of the Journal; they don't rebnke him when he tells the South that they are' the donghfaces, as the phrase goes, and the Democrats the friends of freedom. The Repnblicans, too, still unite with the Know-Nothings everywhere, against the Democratic party, notwithstanding the statements of the editor of the Journal.

You all understand one another, we presnme, bnt other people would like to nnderstand yon. You will have to show your hands next year, and it would be as well to begin to explain now. It will take some time to make yourselves understood, if the editor of the Louisville Journal tells the truth.

New York Politics.

It is impossible to keep the rnn of the various tickets before the people of New York at the ensning election. The steward or Republican party have the advantage, not because they have a majority, bnt probably a plurality over any other of the numerous parties in the State. If the sound Democrats, Nebraska men, could get together, they would carry the State in November next.

☞ Read the Wife's Story, on the first page. It is from the hand of a *master*. Need n't get indignant at the nnhappy woman; she did n't write a word of it herself. Dickens wrote it; perhaps he has slandered her.

Converts to Americanism.

This is the heading of an article in the Jonrnal. The writer informs us that "sensible, observing men, in every part of the country, are becoming, every day more and more convinced of the propriety, the jnstice and the patriotism of the principles of the American party." Well, perhaps the party has been lying by for convertions, and that is the reason it has taken so little part in the late elections.

But some people think that the class of men described are becoming every day more disgusted with the new party, and that it can never rally again any where.

Of all the isms in the country it is the most odious. Abolitition associations have killed it Sonth, while Know-Nothing associations have weakened Abolitionism North. Sam and Sambo need not reproach each other. If Sambo killed Sam South, Sam will killed Sambo North.

The New Albany Ledger says:

There can be no question as to the true reason for the result of the late election in this State. And, in fact, there is but one, and that is the disgust with which that abomination of abominations, Know-Nothingism, is held by the masses. There was in this canvass no other issue made. We have carefully read the papers during the whole time, and, with minor exceptions, it was the only one. The Abolitionists of this State, with a full nominated ticket, would poll more votes than the American Tory party, and we read the signs of the times to little purpose if Abolitionists do not make a stand independent of the religious persecutionists; the Julians, the Hardens, Cravecoses, and other leaders of the Abolition party are already getting ready for the battle of '56 with a purely Freesoil ticket, and if the Know-Nothings want to have a sight at all, they will have to go into measures with them, and accept their candidates without qualification, Of all the isms Know-Nothingism is the fag end.

SALES OF FAYETTE LAND.—There have been several recent sales of land in the county of Fayette, which deserve to be noticed.

On the 16th inst., Mr. John L. Wilmot sold his two farms, situated about five miles from Lexington, near the Harrodsburg Turnpike. One containing 170 acres, was sold at public sale to Mr. Wilson S. Hunt, at $73 50 per acre; and the other (110 acres) at private sale, to Mr. Edward Allen, at $90 per acre.

On the 18th inst., the farm owned jointly by Mr. John S. Kenney and his deceased brother, Wm. R. Kenney, was sold, at public sale, to Mr. James G. Kinnaird, at $95 10 per acre. This farm is situated abont nine miles from Lexington, and about one mile from the Winchester Turnpike, and contained 170 acres.

Mr. David A. Sayre sold last week, at private sale, his farm, situated between the Georgetown and Frankfort turnpikes, one mile and a half from the Court-house, to Mr. Thomas Bradley for $40,000. The farm contained 395 acres, and the price was $106 66 per acre.

In the county of Woodford, a few days ago, a farm of 120 acres, belonging to the estate of Adam Harper, deceased, was purchased by R. Atcheson Alexander, Esq., at $125 per acre.

MILWAUKIE IN A BLAZE—BURNING OF A DEAD BODY.—The American, of the 19th, was in a blaze, and, for aught we know, all the people in the city, over an attempt of a man there to burn the dead body of his wife.

Thus is the story told:

A Russian by the name of Pfeil married a woman who was a Brahmin in belief. He was possessed of wealth, and both were persons of culture She sickened and died, and requested, according to the faith of her fathers, that her body should be burned. Pfeil had collected sixteen cords of wood, arranged it properly, and was about to perform the deed, when news of the fact was circulated, creating intense excitement.

Sheriff Conover proceeded at once to Pfeil's house, and forbado the act. The Russian asserted his right and duty to be, to burn the body of his wife. "No law forbids," said he, "my religion commands; I will do it." The body was in its shroud, the torches prepared, and all was ready to place it on the funeral pyre. "Let it be borne to its place," continued the Russian; "there is no law against it in Wisconsin."

But the sheriff took possession of the body, ordered a coffin, and made preparations for its Christian burial. The crowd grew, and thronged ronnd the house. Alarmed or afraid to persist, Pfeil gave his consent to a Christian burial. "You may order or have what ceremonies you please over the body," said sheriff Conover. "Gentlemen," replied Pfeil, "it makes no difference with us if we cannot go on in our own way."

Thereupon the body was bnried, though the American intimates that the woman had been foully dealt with, and demands the fullest investigation into the matter. A friend who has just come on from Milwaukee, supposes that the parties were all honest, but barbarian in belief, and Brahmin in practice, by edncation.

IMPORTANT ARREST OF ALLEGED COUNTERFEITERS.—For some time past an immense amount of counterfeit United States coin has been passed in different sections of this State, but no clue was discovered as to where it was manufactured and disposed of, until recently, when it was ascertained that Columbus was the headquarters of the gang engaged in the business. The names of a number of persons interested in the making and passing of counterfeit coin were found out, and warrants were issued last week by United States Commissioner, W. W. Warden, for their arrest. On Saturday evening last, Channcey Couch, together with Levi Parker, Patrick Flannary, and G. W. Pose, officers of this city, and H. Dayton, of Columbus, arrested at the Capital city four persons, named Henry Myers, George Bell, Morris Williams alias Mott Williams, and Theodoro Van Doran.

A warrant had also been issued for the arrest of J. D. Townes, proprietor of the Montgomery House, Columbus, whom, it is represented, was the head member of the gang. This warrant was given to Marshal Wakeman, of Columbns, to make the arrest, but, by some means unknown to the officers from this city, Townes succeeded in escaping, and has not since been heard of. The evidence against Townes, we are informed, is of a most positive character; one of our city police having purchased from him a large amount of base coin, representing himself to be a dealer in that article.

The four individuals arrested were brought to this city on Sunday morning, and lodged in jail to await a hearing Yesterday morning they were brought before Commissioner Warden, when their preliminary examination was continned until Thursday morning, at 10 o'clock. In default of $5,000 bail each they were re-committed to jail.

ELECTION OUTRAGES IN BALTIMORE—THE NINETEENTH WARD.—We select the following from Baltimore papers of the 20th Inst.:

"Never, perhaps, since Baltimore has been an incorporated city, was there a greater outrage, or, more correctly speaking, series of outrages, perpetrated, than at the election for City Councilman in the Nineteenth Ward, on Thursday last. The polls opened quietly and peaceably in the morning, at the usual time, and there were no indications whatever but that everything would pass off in that quiet and orderly manner which should characterize the expression of the will of parties in a republic. But it soon became manifest that the Know-Nothing party was determined to carry the day, if that were in the range of possibility, and that no means would be omitted, no matter how villainous, to insnre that end. Rowdies, vagabonds, thieves, murderers, ruffians who had served terms in the penitentiary, villains of every hue, were organized into bands all over the city, and it was arranged systematically that they were to appear at the polls and take possession of them, and drive off all who were opposed to them. It was enrrently stated that the Know-Nothing party was determined to carry the election at all hazards, and they carried their threats into execution. Many sterling and good Democratic citizens were deterred from voting, because they knew their lives were in danger. Thus the rowdies of the misstyled American party ruled the city, and succeeded in carrying an election where it was demonstrated bnt a few days before that the Democratic party had a clear majority."

A MONSTER KILLED.—A panther measuring 7½ feet, and weighing 150 ponnds, was killed, after a desperate struggle, on Saturday night last, near Card Springs, at the head waters of Sycamore Creek, by a party of nice gentlemen assisted by twenty dogs. The struggle lasted half an hour, and is described by those present as extremely desperate. Besides the attack of the dogs (which he resisted gallantly) he received five shots, and a nnmber of blows from stones, fence rails, &c., before he "gave up the ghost." None of the men were hurt, but three of the dogs were killed and several others badly crippled.

A LUNATIC DOCTOR SETTING A BROKEN ARM.—Recently, while one of the patients of the State Lunatic Asylum, who was formerly a doctor, was taking his accnstomed stroll for air and exercise, he was attracted to a house not far from the Asylum by the cries of a young girl, who, in climbing over a fence, had fallen and broken her arm. On entering the door, he ascertained that the poor, decrepid, bed-ridden mother and the nnfortnnate girl (whose labor was the sole support of the two) were the only occupants. A boy had been sent for, and was then absent in quest of a physician or surgeon. The doctor could not witness the young girl's distress, so he instantly went to work and set and splinted the broken limb. The old lady, with tears of joy and gratitnde, exclaimed, "Doctor, what's to pay?" "Oh! nothing," he replied, "I am amply repaid in the satisfaction this opportunity has afforded me to relieve your daughter's distress." "Thank you, dear doctor, and God bless yon? But when the doctor we have sent for arrives, who shall we say set the arm—what name and residence, doctor?" "Tell him," said our Doctor, "that a patient from the New York State Lnnatic Asylum did it."

LAMENTABLE ACCIDENT.—A melanoholy accident occurred last night abont 8 o'clock, as the ferry-boat Joe Gales was landing at the foot of Columbia street, with the railroad passengers. A few moments before the boat tonched her landing an old gentleman, 75 years of age, named Echelbarger, from Dark county, Ohio, fell overboard and was drowned before assistance could reach him, though close to the shore. Mr. Echelbarger came down in the cars yesterday, and we understand, was accompanied by two sons and a son-in-law. Every effort was made by those on board of the boat and on shore to save him, bnt, as stated above, their efforts were in vain. We understand that there is a son of the deceased living near Birmingham, in this State.—*Burlington State Gaz., Oct. 19.*

More Light on the Subject.

A Blue and White Double Quick Work Sky Light, just introduced by ROESBERG, enables him to take Daguerreotypes in a few seconds, and for the greatly reduced price of 50 cents and upwards. It is also one of the best lights ever known to produce correct likenesses, either of children or adults. The red hair and blue eyes have heretofore been difficult to take; but it is no longer any trouble to give them the real artistic disposition of light and shade. The new Sky Light operates as well in cloudy as in clear weather, and gives the likeness the true tone of life. The public will therefore look to their own interest by calling on Roesberg before going to any other gallery, as there you can buy cheaper, receive a better case, and a much truer likeness than at any other place in the city.

Just received, a splendid lot of handsome cases, such as Velvet, Papier Mache, Pearl, and other kinds too numerous to mention.

Persons having Daguerreotypes badly taken by other artists can have them retaken for 50 cents, and if not bettered no charge will be made, at the Mammoth Daguerrean Gallery, No. 531 Main street, between Second and Third. [oc18 m&c] GEO. F. ROESBERG.

What is the Use

Of *any one* paying a high price for an article when the same thing can be had for a *less* price, and at the same time as good in *every* respect, (and better in some), as the *high* priced "article." Carpenter & Swymmer make "Ambrotypes" for $3 that will compare with the best in the city. For brilliance of tone and finish, they are unequalled. Another great item is, they are put up with only *one* glass, so that you need not have your pockets double lined to ensure its safety, if you should wish to carry it three squares. The double glass is of itself *nothing;* it adds no beauty to the picture—makes it none the less liable to damage, and is only a feeble breast work for a weak enemy.

To the Public.

LOUISVILLE, KY., Feb. 8th, 1855.

MR. SOLOMONS—Dear Sir: I called upon you at your office, on Fourth street, in December last, and told you hat I had purchased several pair of Spectacles at different stores, but had never obtained any that did not cause great pain and fatigue to the eyes, but am happy to state that the pair I purchased of you suit beyond my expectations, by day and candle light. I have found my sight improve so much since I have used them, that I cannot sit down and read small print without them. Wishing you every success your great enterprise deserves, I remain, yours truly, S. HILLMAN.

LOUISVILLE, KY., Feb. 24, 1855.

MR. G. SOLOMONS—Dear Sir: Having satisfactorily tried a pair of Spectacles purchased of you, and finding them far superior to any I have ever used, in that they rest and strengthen the eye, whilst all others have pained, wearied, and weakened my sight, I cordially recommend them to the use of all who stand in need of them.

Respectfully yours, S. J. EVANS,
On Broadway.
JEFFERSON CO., Dec. 2, 1854.

I have used Mr. SOLOMONS' Eye Glass for a very brief period, with decided advantage, and have no hesitation in stating that a defective vision of long standing has been relieved, and the organs seem to be acquiring vigor and tone. I therefore cheerfully bear testimony to their excellency and accuracy, as also to Mr. Solomons's skill as a practical Optician, and the wonderful facility with which he adapts his Glasses to the various peculiarities of vision. Yours truly, SAM'L B. SMITH.

Great Cure of Rheumatism.

The editors of the Richmond Republican, of Dec. 20th, 1853, say that CARTER'S SPANISH MIXTURE is no quack medicine.

They had a man in their press room who was afflicted with violent Mercurial Rheumatism, who was continually complaining of misery in the back, limbs, and joints; his eyes had become feverish and mattery, neck swollen, throat sore, and all the symptoms of Rheumatism combined with Scrofula. Two bottles of Carter's Spanish Mixture cured him, and, in an editorial notice as above, they bear testimony to its wonderful effects, and say their only regret is that all suffering with disease of the blood are not aware of the existence of such a medicine. They cheerfully recommend it.

See their certificate and notice in full around the bottle. ocl deod&wtf

Why Females Suffer in Health.

THE MARRIED WOMAN'S
Private Medical Companion,

BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.

One Hundreth Edition (500,000) 18mo., *pp.* 250.

A standard work of established reputation, found classed in the catalogues of the great Trade Sales of New York, Philadelphia, and other cities, and sold by the principal booksellers in the United States.

Every woman can here discover, by comparing her own symptoms with those described, the nature, character, and cause of her complaint, and be spared much anxiety and suffering, as well as the unpleasantness of making known to, or making inquiry of, a physician in respect to the numberless ailments to which she is subject. The wife about becoming a mother has often need of instruction and advice in respect to her situation, which she will here find. This book tells her what is the matter, and tells her what to do for it, in simple but chaste words, and such as she can understand.

Those suffering from obstructions or irregularities peculiar to the female system, or from *prolapsus uteri* (falling of the womb,) or from *fluor albus*, will each find in its pages the means of prevention, amelioration, and relief.

Much distress of mind, as well as thousands peculiarly, might be saved to every husband, if the simplest laws appertaining to the marriage state were better understood. That they are better understood is traceable to that natural and almost commendable sensitiveness that will rather suffer than consult or converse with even a medical man in respect to complaints peculiar to the female only.

In a copy of "*The Married Woman's Private Medical Companion,*" every female has a physician that knows and describes her every symptom, feeling, and ailment and which she can consult at all times without violence to her sensitiveness.

[Extract of a letter from a gentleman in Dayton, Ohio.]

DAYTON, May 1, 1847.

DR. A. M. MAURICEAU—*My Dear Sir:* My wife has been perceptibly sinking for some three years or more, in consequence of great anguish and suffering some months before and during confinement; every successive one more and more debilitated and prostrated her, hoping her life to imminent danger, and which was on the last occasion despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. I heard your book highly spoken of, as containing some matters reaching my case. On its recommending a perusal I cannot express to you the relief it afforded my distressed mind, and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Besomeaux pervaded a remedy. It opened a prospect which a little conceived was possible. But for this, ere another year would have passed over my head, in all human probability my wife would have been in her grave and my children left motherless.

☞ UPON RECEIPT OF ONE DOLLAR, "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION" is SENT (*mailed free*) TO ANY PART OF THE UNITED STATES, THE CANADAS, AND BRITISH PROVIDENCES. ALL LETTERS MUST BE POST-PAID, AND ADDRESSED TO DR. A. M. MAURICEAU, BOX 1224, NEW YORK CITY, PUBLISHING OFFICE, No. 129 LIBERTY STREET, NEW YORK.

☞ We have frequently heard the celebrated GERMAN BITTERS, sold by Dr. C. M. Jackson, 120 Arch street, Philadelphia, spoken of in the highest terms of commendation, and we honestly believe that it is one of the best medicines advertised for the complaints for which it is recommended. They are pleasant to the taste, and can be taken under any circumstances by the most delicate stomach. The press far and wide have united in commending this invaluable remedy for dyspepsia, debility, &c., and such are the healing effects of this panacea that we hope it may be introduced to every family dyspepsia has, or is likely to have, a victim.

BEAUTY. IT IS UNIVERSALLY conceded that beauty is more common in this country than any other, while at the same time it is said that in no other country is it lost at so young an age. Now, this is true to a certain extent, but the loss is often caused by neglect. We say to all, do not neglect your personal appearance, but read the following, and you need not lack good looks. These articles are scientific preparations and have all attained a high popularity.

Jules Hanel's Eau Unsurpassable Hair Restorative, the most delightful and efficient article for the hair ever invented. It will prevent the falling off of the hair, and bring new hair where it has been lost by sickness or other causes. Beware of imitations!

Jules Hanel's Eau Divine de Venus and Nymph Soap, for removing tan, sunburn, pimples, blotches, and other eruptions of the skin, the most perfect conservater of beauty ever known. Purchase nothing purporting to be Nymph Soap unless it has my name attached.

Jules Hanel's Persian or Chinese Powder, for imparting to the most bilious complexion a radiant whiteness. In nothing should a person be more careful than the use of a powder for the skin, as many of those sold are very injurious. My Chinese Powder is compounded in a scientific manner, and contains no ingredient which can possibly inflict an injury. For sale wholesale and retail by G. NICHOLAS, No. 60 Fourth st.,

RIVER AND WEATHER.

RIVER.—There are four feet three inches water in the canal, and two feet one inch in the pass.

PITTSBURG, October 24—P. M.

There are 4 feet water in the chaunel and falling. The weather is cool and cloudy.

NEW ORLEANS, Oct. 24—P. M.

Arrived—Queen of the West. Departed—Twichell and Denny.

☞ We learn that the splendid steamer Baltimore has been fully repaired, and will leave St. Louis in time to return from this port on Sunday next. This line of boats is rapidly filling up, and we shall soon have seven as fine packets between St. Louis and Louisville as can be found on any waters.

☞ The splendid new steamer Moses, McLellon will be down this morning, and leave again at noon for Cincinnati. She is built purposely for the trade, and is, of course, admirably adapted to it. Our friend Dunning will be found in the office.

☞ The Belle Quigley is the regular packet at noon to-day, for Madison, Carrollton, and Vevay. She is a fine boat, and will take passengers and freight comfortably and in good order.

☞ By a private dispatch to Captain Moorhead, we learn that the Wm. Dickson passed Evansville on yesterday, and will be here this morning and leave on Friday.

☞ The splendid passenger steamer David White arrived last night, and will leave for New Orleans on Friday, at 4 o'clock, P. M.

☞ The R. L. Cobb leaves this evening for Memphis in place of the Tishomingo, and will take freight for all points on the Ohio river and Nashville.

☞ The fine stern-wheeler, Minerva, leaves for St. Louis this morning, at 10 o'clock.

☞ By a dispatch from the Virginia Giant, Captain John List, we learn that his fine packet Baltimore will leave here on Sunday, the 28th inst., for St. Louis, and continue regularly in the line.

☞ We clip the following from the New Orleans Delta of the 15th instant:

ACCIDENT TO THE BELLA DONNA.—We are informed, by the officers of the steamer J. M. Reed, that the Bella Donna, hence for Williamsport, when near Bayou Goutas, yesterday morning, bursted her larboard cylinder head.

The accident will not prevent the boat from proceeding on her trip. Her engineer came down on the Reif for the purpose of getting a new casting. There was no person injured.

☞ The following pretty good burlesque we cut from the Southern Indiana Journal, at Leavenworth:

The flat-boat Polly Ann, Captain Snuffo, having on board two ducks and a barrel of molasses, left Portsmouth yesterday for the "Spring Branch." A dispatch received to-day, per cow-express, from the lower landing, states that she made the run to that place (300 yards) in 4 hours 3 minutes and 3½ seconds, beating the brag trip of Tucker's corn boat 3¼ seconds.

The light draught and swift running skiff Jack Cass, is the packet to-day for Blue River Island. Persons contemplating a trip to that romantic spot, will please take notice. Hour of starting—A. M., and number of passengers positively limited to three.

The fleet dug-out Peter Mullet, Peter Mullet commander, reached port this morning, nine days out from New Peddington. To the polite and attentive clerk, Peter Mullet, we are indebted for a copy of Dr. Jayne's Almanac for 1855, and the following manifest:

¼ peck dried beans for Hodge & Bodgers; 3 pumpkins, Doem Brown & Co; 1 pint hazle-nuts, Hodge & Bodgers; 9 hoop-poles—no mark—4 chickens, Doem Brown & Co; 1 mallet, 2 chisels and a gimblet, Hodge & Bodgers.

The skiff General Jaxon arrived late last night, but was immediately compelled to go into the dry dock in order to repair her larboard oar lock, which had been started from its fastenings by coming in collision with a dead dog near Sopes' point. The Jaxon brought up $3 00 State stock money consiged to Bluffkins & Bro.

THE RIVERS.—The Mississippi at this point continues to rise steadily. The swell amounted to about 6 inches yesterday. The upper Mississippi boats report the water falling from St. Paul to Keokuk, but there is still good stage on the Rapids and probably 6½ feet on the Lower Rapids. Ten feet in the channel at last report to Cairo. The Illinois river is swelling with 4½ feet on the principal bars to Lasalle, and is in a good navigable stage. The Missouri river does not improve. It is still reported falling with 3½ feet in the channel to St. Joseph. Arrivals were not numerous yesterday, but receipts of grain from the Illinois and upper Mississippi rivers were fair. The weather was very wet and unfavorable during the greater part of the day. The tide of emigration has set in again around the Ohio and has taken the direction of the Missouri river. Every Ohio river boat arrives crowded with passengers, which are immediately transferred to those for the Missouri river. *St. Louis Republican, 23d.*

BROKE A SHAFT.—The steamer James Lyon, which left port on Saturday night, bound for Potosi and St. Paul, with a large freight and a number of passengers, had the misfortune to break one of her shafts, when about twelve miles above Alton. The accident compelled her to return, and she is now lying at the foot of Carr street awaiting repairs. Her freight will be reshipped on another boat.—*St. Louis Intelligencer, 23d.*

[From the Evening Edition.]

MEDICAL.

To the Afflicted.

DR. DURBIN WOULD INFORM the citizens of Louisville, and the public in general, that he has returned to his office, on Market street, four doors above first, at S. Wilson's Dry Goods Store. He is prepared to cure the Chills and Fever, and all other diseases; it is a well known fact that no person ever had a chill after taking his medicine. He keeps on hand, at all times, his well known and celebrated White Swelling Salve, that never fails to cure the white swelling, pains in the head, back, sides, and breast. Also, his Syrup, a certain cure for Consumption; no case never known not to be cured after the plaster would draw red, and use the Syrup according to directions. He also keeps his Cholera Drops, the only sure remedy in the world for that dread disease, and many other medicines too tedious to mention.

☞ The above Syrup will cure the Whooping Cough.

☞ The above medicines can be had at my office, or at Mr. Cooper's, corner of Seventh and Green sts. and at James Fisher's, corner of Fifth and Green sts.

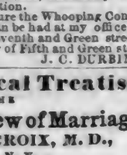
Private Medical Treatise
ON THE
Physiological view of Marriage:
BY M. D. LA CROIX, M. D.,
ALBANY, N. Y.



TWO HUNDRED AND FIFTY pages, and 130 fine plain and colored lithographic cuts and plates. Price only 25 cents.

☞ Sent free of postage to all parts of the United States.

Cheapest book ever published, and containing nearly double the quantity of reading matter in that of the Fifty-Cent or Dollar Publications.

It treats on the Physiology of Marriage, and the secret infirmities and disorders of youth and maturity, resulting from excesses, which destroy the physical and mental powers, and diseases arising from indiscretion, with plain and simple rules by which all persons can cure themselves without mercury, with the author's observations on marriage, its duties and disqualifications, and their remedies; with colored lithographs, illustrating the anatomy and physiology, and diseases of the reproductive organs of both sexes, their structures, uses, and functions. It contains many important hints to those contemplating matrimony, which will overcome objections against marriage; none, however, should take this important step without first consulting its pages. It treats of all diseases of females, whether married or single. Hints to those who desire no more children. Strangers who require medical aid, before consulting any doctor, ought to know whether their cases are properly understood by those whom they employ, and thus guard against the imposition of quackery, so prevalent in populous cities. Hence the advantage of a popular knowledge of one's self, such as is given in this work.

If medical authorism be the test of talent, and enlightenment be sought from books, let common sense discriminate between truthful simplicity and outrageous specionsness and bombast. Dr. La Croix is a legally qualified physician, and for the last twenty years has been chiefly consulted for those diseases upon which his book treats, personally as well as by letter. Any person sending 25 cents in a letter, postpaid, will receive one copy by mail, free of postage, or five copies for $1. Address Dr. M. La Croix, No. 11 Maiden Lane, (P. O. Box 678) Albany, N. Y.

☞ Medicine sent to any part of the Union, according to directions, safely packed and carefully secured from all observation.

☞ Office open daily from 9 A. M. to 9 P. M., and on Sunday from 2 until 5 P. M.

AYER'S PILLS,

A NEW AND SINGULARLY SUCcessful remedy for the cure of all Bilious diseases —Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a purgative medicine is not more or less required, and such sickness and suffering might be prevented if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides, it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of colds, feverish symptoms, and bilious derangements. These all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence, a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by physicians, professors, and patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills we may mention:

Dr. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is indorsed by the

Hon. EDWARD EVERETT, Senator of the United States.

ROBERT C. WINTHROP, ex-Speaker of the House of Representatives.

ABBOTT LAWRENCE, Minister Plen. to England.

JOHN B. FITZPATRICK, Catholic Bishop of Boston; also,

Dr. J. R. CHILTON, Practical Chemist, of New York, indorsed by

Hon. W. L. MARCY, Secretary of State.

WM. B. ASTOR, the richest man in America.

S. LELAND & CO., Proprietors of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates from all parts where these Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found, in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition every medicine is burdened with more or less of acrimonious and injurious quality, by this new method each individual virtue only that is desired for the curative effect is present.

All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence, in every case the effects should prove, as they have proved, more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicines should be taken under the counsel of an attending physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the aucrate formulæ by which both my Pectoral and Pills are made to the whole body of practitioners in the United States and British American provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his request.

Of all the patent medicines that are offered how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

DANCING ACADEMY.

MONS. J. P. LASSERRE RESPECTfully informs his friends, and the public in general, that he will open his Dancing School at the above Hall on SATURDAY NEXT, Sept. 29th, for misses and masters, from 9 to 12 o'clock A. M., and 2 to 5 P. M. Class for gents every Monday and Wednesday evening, from 7 to 9 o'clock.

On account of objections from a great number of pupils heretofore, religious difficulties are removed by forming two classes.

J. P. L. thinks it unnecessary to mention all the Dances and Waltzes he will teach in his school. The great number of pupils he has taught in this city for the last ten years is the best recommendation he can offer. Notwithstanding all the Fancy Dances and Waltzes J. P. L. is acquainted with, he takes pleasure in stating that on his visit to the south he has met with his friend Pingally Drusa, from the Opera of Paris, and when here the principal Dancer of Placide's Varieties. Through his kindness J. P. L. has come in possession of the most recent Dances, viz:
Gortilaa—Five-Step Waltz.
Varsovien—Hungarian Redowa.
New Polka Redowa.
New Schottische.

Ladies and gentlemen wishing to join the class are invited to apply at the commencement. se26 d3m

(OVER FRANKFORT).

THE WINTER SESSION OF THIS establishment will be commenced on the first Monday in October, its duration will be five months. Students will be admitted at any time before, and instructed and heard in recitations of regular lessons preparatory and in advance of their regular course.

THOS. B. MONROE, LL. D., Professor of Jurisprudence.

1. The Preparatory and Auxiliary Sciences and Literature of the Law—Rhetoric and Logic, including especially Terminology, Definition, Abstraction, Generalization, Analysis, Induction and Invention, and the Laws which, having been the basis, supplies the deficiencies in the fullness and exactness of the positive provisions of every law—constituting together this separate department, will discussed in the study, to a greater or less extent, of every branch of Jurisprudence.

II. History—studied briefly in its own department, but continually in connection with the Civil Law, the Common Law of England and America, the Roman and International Law, and with the arbitrary portions of every other head of Jurisprudence in the diagram.

III. The Organic Law of Government. It is proper to mention that this high head of Law is not passed over here in the ordinary mode. It is discussed and studied, not only abstractedly, on the self-evident axioms and the proposition of the arbitrary Law, but in the examples of the diversified forms of Government which have been and are now existent. Its course is, however, commenced and terminated in exercises upon our own Constitutions and Statutory Organic Law, and the history of the origin, formations, revolutions, mutations, and extensions of our own Government. Everything obtained elsewhere is appropriated in this course to the illustration, analysis, and synthetic discussion of our own system.

IV. International Law. The course in this department must of course be commenced with the necessary or natural Law, and embrace the history of the custom of nations and other arbitrary law known to the present day among civilized and commercial nations. But especial attention will be paid to the public acts, treaties, and statutes of the United States, which recognize, assert, and protect the rights and duties of the Government and its citizens towards other nations, their citizens, and subjects.

V. The Civil or Roman Law and of the Common Law, in connection with the statutes in improvement thereof, found in the Acts of Congress, the latest Digests, Revisions and Codes of the several States, including Maritime and other Mercantile Law, and

The Equity Jurisprudence administered in the Federal and State Courts.

VI. Law of Evidence, including not only the arbitrary and expressly recognized rules of the rational Law, which determine the several presumptions, what is required, what competent, and what may be inferred, but the residuary necessary laws of Argumentation which must be employed in obtaining the conclusion on every trial.

VII. The Practice of Law in the Courts of the United States, according to their several modes of procedure in suits at Common Law, in Equity, in causes of Exchequer, and civil cases of Admiralty Jurisdiction, and in the Courts of the States respectively in suits at Law, in Equity, and in succession causes, according to their *new codes* of practice in civil cases.

VIII. The Criminal Law of the United States and of the States, with its practice in the Federal and State Courts.

Every student will be taught the composition of the ordinary papers of business, the pleadings and other documents used in the practice of the several Courts, with the forms of process and of entries of judicial proceedings; and

A Moot Court will be held twice a week for the exercise of all the students in the Practice of Law, and the argument of questions of fact and Law in a mode becoming the Counselor.

It will be observed that *one* Professor only fills all the Professorships in this *College*, but all his time not required by his judicial duties is employed with his students, and each class will have the benefit of not less than three lessons every day; and the Institution is incorporated by a statute of Kentucky, with power to confer all the degrees known in either the Civil or Common Law, or which can be conferred by any college or university in America or Europe, so that every student may and shall have whatever diploma he shall have earned.

The diploma of Bachelor of Law will be awarded on the ordinary terms of other schools in the Western States, and it will entitle the student to admission to the *Bar;* but the object of the Professor will be to give his graduates diplomas in their *heads* which will secure them success in their profession.

The terms are two hundred and twenty dollars per session, for instruction, board, lodging, stationery, the use of both text books and of a library for collateral reading, and all other necessary supplies, clothing only excepted. This sum may appear large, but the number of students will be limited to ten, all accommodated in the house of the Professor in the country, not in town, and it is guaranteed that every student will receive, in the improvement of himself, the full value of both his money and time. No student will be received who may not appear to have determined to make himself a lawyer, and none will be advised to remain who may be found unable or unwilling to do the work necessary to master the profession. se19 d&wtw
